

God's Timeline – Part 2

In 1967 President Nasser of Egypt declared, “*Our basic goal is the destruction of Israel.*”

Israel, the very nation mentioned more than any other in the Bible, the very people that are the heart and means to carry the message of the Messiah, must be eliminated, destroyed, and we must reinterpret Biblical verses to justify these goals.

Even the Human Rights Watch group joined the masses of accusers. **New York, Feb. 12, 1995.** In one report it, it includes: the government of Israel shares blame for the state of human rights in the Gaza Strip and Jericho. Israel is still has considerable control over the lives of Palestinians in these areas which entails significant obligations that Israel has failed to fulfill...Since August, the Palestinian Authority has arrested hundreds of members of the political opposition with little semblance of due process: arrest warrants are the exception rather than the rule, and suspects have been held without charge for several days or longer without being brought before a judge.

This is NOT true. Israel is a humane nation. She acts only to protect her people. If a flowchart of abuses were to be drawn, the arrow would always point to Israel, even though it was the Palistinian Authority that was at fault.

The Palistinians do nothing but try to destroy Israel. Current events have proven that nothing has changed. They are still trying to destroy Israel!

Tragically, plans for another “final solution” are in the hearts and minds of the Muslim extremists today.

Nothing has changed since 1995!

Palistinian Argument:

Palistine is for the Arabs; Jesus was Palistinian, so Palistine belongs to them! The Bible does not mention an exclusive Jewish state according to the Palistinians.

Our response:

Joel 3:1-2 For behold, in those days and at that time, when I restore the fortunes of Judah and Jerusalem, I will gather together all the natiions and bring them down into the Valley of Jehoshaphat. And there I will deal with them aand enter into judgment with them here for My people, My inheritance, Israel whom they have scattered among the nations, and they have encroached on My land and divided it up.^{AMP}

What are the nations currently doing now?

The division is taking place. The entire world seems in support of the division and the United Nations is standing against Israel, pressuring her to give up Judah. The Bible suggests that we not be found hating Israel or Jews, or contributing to the division of Israel. To hate Jews is to hate God. To stand against Israel is to be on the side of Anti-Christ. Meanwhile the United Nations are still carrying out their evil plan!

In April 1997 an *emergency special session* of the United Nations General Assembly condemned Israel's construction of a new Jewish neighborhood, raising serious questions about the world body's function and bias.

Israel's construction of homes in Jerusalem was not a violation of the Oslo Accords since there was no change of the territory.

Therefore, why was the United Nations so alarmed over a *legal* housing unit project when tens of thousands of refugees in central Africa faced death by starvation or disease as civil war raged in Zaire; as hundreds of Algerians were being butchered by Islamists; enslavement of Christians in Sudan; Iranian regime in sponsoring terrorism abroad; and the list of atrocities around the world goes on and on and the UN DOES NOTHING about them! Just complains about a tiny country building legal housing for their people??

Talk about injustice! Many countries approved the UN's actions! 134 nations supported the UN; only 3 took Israel's side: Israel, United States, and the tiny Pacific island federation of Micronesia.

The Bible is very clear on this issue, "I am about to make Jerusalem a cup of reeling to all the peoples round about; it will be against Judah, also in the siege against Jerusalem. **Zechariah 12:2**

NAPOLEON BONAPART'S APPEAL to the JEWS, encamped at Mount Tabor before his defeat at Acre, 1798:

Jews! Unique nation of the world! For thousands of years the tyranny of the world has succeeded in depriving you of your ancestral lands but it has not eradicated your name, nor your national existence...Legitimate heirs of the Land of Israel! Hurry! The moment has arrived to reclaim the return of your rights among the nations of the world. You must claim for yourselves a national existence as states among states, and your unencroachable right to bow down before God according to your faith, publicly and forever."

Part 3 is under construction...see you then!
